PLANNING BOARD HEARING HAS SMALL ATTENDANCE

There was a small attendance at the public hearing held by the Bethel Planning Board last Thursday evening in Odeon Hall. Slightly more than a dozen local citizens discussed a proposed building code for Bethel as well as the "1958" zoning ordinance, both of which are slated for action at the annual town meeting.

It is reported that the Planning Board will meet at 7:30 this Thursday evening at the town office.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Town Office will be open Saturday, Feb. 22, from 9:00 a.m. until 12 noon. Regular hours are from 9:00 a.m. until 5 p.m. Monday through Thursday. On Fridays it is open 8 a.m. to 6 p.m. Unless there is a special reason, such as next Saturday which is the last week end to pay excise taxes on motor vehicles before they expire, we are not open on Saturdays.

Expenses incurred on Winter Roads since the last storm have been in excess of \$5,500.00. The most of this was due to the storm itself. We would have had some expense without it doing routine winter maintenance. Compared with other municipalities with which I have had contact we were very fortunate as far as equipment breakdowns were concerned. We had some problems with rear-ends and transmissions but this is expected when trucks are working under these conditions. We have been able to hire good operators who are conscientious and maintain their equipment so that a maximum amount of work can be realized.

CHAMBER HEARS LOCAL CANDIDATES AT ANNUAL MEETING, TUES.

In the absence of Elwyn Dickey, Roger Conant presided at the annual meeting of the Greater Bethel Chamber of Commerce, Tuesday evening at the Methodist Church. Guests included Francis "Hi" Berry, Warren Hastings, and Dr. David Willard. All were treated to a delicious roast beef dinner served by the church. After a regular meeting including the election of new officers for the year, candidates for School Board and Selectmen gave brief talks.

Elected to the Executive Committee were William Cousins in charge of membership; Dana Douglass, special events; and Barbara D. Brown, publicity. Completing the Executive Committee are Norma Jodrey, treasurer; Alberta Merrill, secretary; Bruce Bailey, vice president; and Blaine Moores, president.

Four candidates seeking the office of selectman were Frank Hunt, Jr., who indicated a need for more industry in town; Jay Willard who stated that he hopefully would be able to save the town some money and, in addition, indicated his support for the Chamber of Commerce, continuation of friendly relations with N. T. L., and also expressed an interest in proper planning which would enable the town to take advantage of federal and state funds for the sewage disposal plant. Dana Bean indicated that he was concerned with establishing a "fairer" tax rate and Avery Angevine expressed a deep interest in the community and the many important decisions it must face in the years ahead. Candidate Arnel Brown was unable to be at the meeting.

Candidates for School Director of S. A. D. 44 who spoke were veteran Ar. James Fiske who indicated his continued support of innovation; Shirley Chase who felt that we have "gone about as far as we can go"; John Brown who indicated that "some attempt must be made to better present the school program to the community" and that the educational budget should be kept in a relatively fixed cost area with allowances for inflation; Dr. James Hudson who said he was interested in finding out what was going on and was especially interested in the modular system presently being used at the secondary level; Dale Thurston who indicated that he must objectively look at the value received from our educational system in relationship to the value received from our municipal services. He also favored a return to a more traditional curriculum. Candidate Don Stecher stated that he was very conservative in his approach to money and educational matters and was especially interested in the educational system as a result of feedback from students, the English textbooks affair and the size of the school budget. Candidate Clarence "Bud" Howe said his main motivation for running for school director was economics. He is concerned with the limit as to what the taxpayers can afford.

After a period of discussion which included several questions from the audience, the Chamber adjourned until its next meeting which will be announced at a later date.

Sunday guests of Mr. and Mrs. Henry Domkowski were Mr. and Mrs. Carroll Goodwin and family, and Mr. and Mrs. James Kilburn and family of North Anson.

In view of the Dollars for Scholars Minstrel Show it is in order to quote from letters received from students who are receiving assistance from this source.

Mary Abbott of Farmington State College reports as follows: "I would like to express my sincerest thanks for my scholarship. I really can use it and I do appreciate it. If I can be of any help in promoting the program for the others please feel free to call me anytime. Thank you again."

Andrea Swan of Farmington State College comments as follows: "I wish to thank you very much for the scholarship that was given to me. It has allowed me to further my education. It is nice to know that people of the district want to help young men and women get a start in college. If there's any way I can help promote the Dollars for Scholars Campaign, please let me know."

David Hutchins of Andover and the Southern Maine Vocational Institute in South Portland states as follows: "In this letter I would like to express my thanks to the Dollars for Scholars Committee and to the Citizens of SAD #44 for the scholarship which was awarded me in June. This money has meant time to me, which I can devote to studies instead of wondering where next semester's money was coming from. It has meant to me a gift to extend my knowledge to new heights and to get the tools which I will someday use in this world. In closing I would like to say that someday I will return to this area to try and better it with the knowledge I am getting today. In my future I will gladly repay this money in the hopes that other students will get as much out of this as I have."

To promote the Community Chorus in SAD #44 for Dollars for Scholars, the Directors, Mrs. Edith Eypper and Mrs. Richard Littlefield, report they need many more adults and high school students to report to the rehearsals Thursday, February 20, and Tuesday, February 25, at 7:30 in the Music Room at Telstar Regional High School.

The Student Council under the supervision of the president, Philip Runnels, will sell adult and student tickets in the school store at Telstar on Wednesday, February 27, from 10:30 to 1:00. Adult tickets are \$1.50 and student tickets are 75 cents. Students should plan to get their tickets at that time.

Plan now to attend "All Aboard for College" (Minstrel Show) sponsored by Dollars for Scholars at Telstar Auditorium on February 28 and March 1 at 8:00 p. m. See announcements in this issue of the Citizen where the tickets are available in SAD #44. Those who can not attend and desire to make a contribution to the Scholarship Fund may send a check or money order to the Treasurer of Dollars for Scholars, Roger Conant, at the Casco Bank and Trust Company, Bethel. GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

Monday, February 10, and we have cleared away snow from a real storm this time.

These storms never affect us twice alike. Each seems to have a manner of approach all its own. One may be short, sharp, or high keyed. One may come suddenly while another may creep in slowly sending clouds across the sun while the light grows cold and pale. There can be a moment of breathless pause, then borne on the wind come the flakes of snow. This one, fine flakes, with little accumulation through Sunday, kept us wondering. The growing darkness changed things and on through the night brought plenty. Another white blanket, another chapter written. We are getting a full measure this year.

Through the night the wind howled and grew more intense. It seemed to have attained its utmost fury but later it proved otherwise. The snow beat in against the walls or swirled and played upon the roof. Looking out, there was nothing to see but the lashing of wind and snow.

Morning pictured what nature had done; snow over hanging the eaves and all of our south windows and walls had turned to white.

Soon came the familiar landscape, dazzling, under the brilliant sun and wide blue sky. But the wind all day seemed never to sleep. To and fro north to south or south to north the snow sifted 'till it was like fine sand collecting in sheltering drifts or swept clean away by the scouring blast.

The snow lay deep and trackless when we first emerged, but our little chickadees, these tiny souls, greeted us with their merry good morning song.

We certainly didn't need this but grim tales from the outside world told us that here in the wide open spaces it wasn't quite the nuisance as in the more populated places and the cities.

At the end of January, the farmers used to say "We've used half the wood and half the hay." So winter is supposed to be half over.

Do you hear anyone complaining? Tuesday, February 11, and no lessons again today.

The morning was brilliant above the accumulated covering of white as the sun looked down on the snowy expanse in a most inviting manner. So after doing my ironing and baking a few dozen cookies (some of which were to brighten Valentine's Day for my niece at college) I closed the door behind me. Camera and I were off!

The whiteness was broken only by the green spears of the pines and firs or the dark masses of hard woods. They held their heads high and proud to the sun, slightly nodding, cedar to pine or pine to hemlock as they huddled in their grove. Here nothing was crowded, tense, or in a hurry. Under the clean white blanket of awesome winter I thought of the wonders just waiting for the big change—come spring.

I passed the rocks coated with ice and snow and observed the ponds. They were untrodden, marred only by two fishing houses, banks high around them. The snow here was not smooth as it was over the fields. It was unevenly furrowed by the whipping winds of yesterday. They had written their messages, meandering

sentences, there. I mused for a moment: "What testimony would these hieroglyphics reveal from across the world if only they were deciphered."

I wished for a pair of snow shoes so I could head directly across to the opposite shore. There were two sections of choice, one lost in beauty and the other drained of its resources and now left for the naturalizing process to restore.

Little paths led to a few cottages but frost were neatly hidden by huge, untrodden drifts as only Master Winter can produce.

Here and there a series of marks showed where a leaf had danced a minute in the arms of its unseen partner.

The rocks on which I had so often rested in summer stood out darkly against the fantastic whiteness.

I looked back where the snow was humped on either side of the road rising in gigantic mounds, and headed back the way I had come hardly realizing I had been gone for an hour.

Our garage from a distance looked like a covered bridge, guarded by "Elephant Mountain" and the house could scarcely be seen. But I soon turned in on the hard white surface of the drive way with my camera swinging from my shoulder.

Home again.

RECIPES SOUGHT FOR JUBILEE COOKBOOK

Maine will have at least one record
of its 150 years as a state in its Ses-
quicentennial year in 1970. It will be
a treasury of recipes of Maine house-
wives over the 15 decades since 1820
to be known as the Jubilee Cookbook
to be produced by The Courier-Gaz-
ette of Rockland.

Women all over the state are
urged to send in their favorite re-
cipes, both their own and those
handed down through the family for
generations. From them will be se-
lected 500 or more recipes which will
make up the book. Recipes may be
sent to Mrs. Loana Shibbes, The Cou-
rier-Gazette, One Park Drive, Rock-
land, Maine 04841. Receipt of all
will be acknowledged by the editors.

Each housewife whose recipe is
published will receive a complemen-
tary copy of the Maine Jubilee Cook-
book at the time of publishing next
fall. The deadline for receipt of re-
cipes will be May 1.

Not only will the Maine Jubilee
Cookbook have recipes spanning
Maine's 150 years as a state, but they
will extend back to the days of the
Province of Maine and even to the
1600's as drawn from a rare cook-
book in use in that era.

Included will be recipes of Maine's
famed guides which may be used by
today's camping fraternity. Also, di-
etetic recipes, and several hearty
ones from the days of sea cooks abo-
ard ships of sail and steam which
once carried on a mighty commerce
on the Maine Coast.

ford session of the Oxford County
Superior Court. On Tuesday, Feb. 19,
Norman A. Fontaine, 34, pleaded no-
to the charge of negligent shoot-
ing of a human being. He was found
guilty and paid a fine of \$200 in the
hunting death Nov. 11, 1968, of Hen-
ry H. Carter, Jr., 38, whose body
was found shot through the chest,
near the Waterford pipe line route
after a three-day search.

assist the Waterford Historical So-
ciety in preparing a town history
prior to 1975.

At the Woodstock Chamber of Com-

directors, Evelyn Benn, James Bill-
ings, Archille Poulin, James Farrar,

Breaking-out, widening and clean-
up following the last heavy snow-
fall still goes on. Many towns esti-
mate the cost of maintenance of high-
ways has probably doubled over last
year.

Representatives from several
Maine communities will be in Wash-
ington, Feb. 25, to receive awards
earned by the towns and cities in the
National Clean-up Contest. Oxford
Hills communities received hono-
rable mention. Activities in Norway,

EXTENSION NEWS

Donated foods program is not "old"
surplus program says Ruth S. De-
Coteau, Extension Agent. The U. S.
Department of Agriculture is provid-
ing Donated Foods to families that
qualify for them. This program can
provide these foods per person per
month (approximately \$14 worth):
1 lb. butter; 1 box raisins; 4 1/2 lbs.
dry milk; 1 lb. lard; 3 lbs. cornmeal;
5 lbs. flour; 1 lb. rice; 2 lbs. dry
beans; 1 lb. rolled oats; 1 pkg. farina
cereal; 1/2 lb. peanut butter; 1 lb.
14 oz. chopped meat; 1 lb. rolled
wheat; 1 pkg. instant potato; 1 lb.
cheese; 1 can fruit juice; 1 can
beans; 1 can scrambled egg mix.
Canned whole chicken, corn syrup
blend, instant chocolate milk, evap-
orated milk, and dried prunes will
be available early this year. Fam-
ilies take only the foods they can
use.

Cost: There is no charge for the
donated foods. The town pays only
for freight charges, storage, and ad-
ministration of the program. Several
towns have found this costs about 50
cents per person per month.

Distribution: The foods would be
available from a central place in
town at least once a month.

Eligibility: Persons living on lim-
ited incomes may apply for certifi-
cation. The following monthly rates of
take-home pay and number of per-
sons in the family are given as
guides to eligibility: \$132 or less (one
person in family); \$190 or less (two
persons); \$230 (three persons); \$271
(four); \$320 (five); \$363 (six); \$404
(seven); \$445 (eight); \$485 (nine);
\$527 (ten); \$568 (eleven). There are
also other factors determining eligi-
bility, so all persons who feel that
they might qualify should apply.

Needed for Application: Social Se-
curity number, payroll statements,
bank books, and rent payment re-
ceipts. Also be prepared to show
evidence of state and federal assis-
tance grants. Only the person help-
ing to complete the forms will need
to see this information.

Not all towns are taking advantage
of this Donated Food Program. You
can call your town office to learn if
your town is participating. This pro-
gram may need YOU to arouse in-
terest and start some action. There
are some families in every town in
Oxford County that could greatly
benefit from this food.

If you need information, call the
Extension Office, South Paris, Tel.
No. 743-6329.

(Note: An article will be in the
Bethel town warrant seeking funds
for this program, providing suitable
arrangements can be made.)

Letters to the Editor

Bryant Pond, Maine
Feb. 16, 1969

To the Editor of the Citizen
Bethel, Maine

Dear Sir:

Town Meeting is just around the
corner and articles are coming up
for a town vote I would like to talk
about.

You remember, of course, that the
voters of Bethel voted out all zoning
in the town at a special town meet-
ing last May 14, by a 527 to 206 vote.
Wasn't it refreshing to have the
zoning rules and regulations, per-
mits and refusals, fines and penal-
ties done away with?

I attended the Planning Board Pub-
lic Meeting Thursday evening, Feb.
13th, 1969, with some ten or a dozen
other citizens. We were given a
"preview of coming attractions" they
intend to present for voting at the
annual Town Meeting Mar. 3rd, 1969.

These consist of a Building Code
which if allowed to be voted in, will
give the authority to a building in-
spector to compel (and I do mean
COMPEL) everyone constructing a
building to do as they say, or take
the consequences, which will natu-
rally consist of fines and penalties.

The second so-called "attraction"
is the zoning that was in effect in
1965 prior to the Sewall zoning. This
practically puts us right back into
the same zoning situation with a few
minor changes if voted in. If you
haven't thoroughly studied these two
pamphlets you should do so before
the Mar 3rd meeting. They can be
obtained at the town office.

We have a few plans of our own.
Did you know we presented two peti-
tions with signatures to the town of-
ficials to be in this Town Warrant?
One is "Shall the Town of Bethel
vote to abolish the Bethel Planning
Board" and the other is "Shall the
Town of Bethel vote to raise and ap-
propriate two hundred and fifty dol-
lars (\$250.00) to be paid to Stanley
Moore as reimbursement for his ex-
penses in defending a law suit filed
against him by said town in connec-
tion with the now repealed zoning
ordinances." In Stanley Moore's
case we are all morally responsible,

Respectfully,
Bertha Wilson

Rocking Chairs for S. A. D. #44
When I saw the request for 20 rock-
ing chairs in the 1969 S. A. D. bud-
get, this along with many other
things convinced me that I should
run for the position of School Direc-
tor.

Actually the amount of money the
rockers would cost is insignificant
compared to the size of the budget,
but it prompts me to ask several
questions. (1) Who has time during
the working day for rocking? (2)
who showed so little common sense
as to add this item on top of a
greatly increased budget? (3) If we
have got to a point where we ask for
items like this, aren't there an av-
erage lot of other items that are prob-
ably just as ridiculous and unim-
portant?

I am running for School Director
as a Conservative both in school and
money matters. I feel that a busi-
ness like approach and a firm "No"
occasionally will help in holding the
budget down.

Back to the rockers again, I sug-
gested to the foremen at Andover
Wood Products that perhaps we
should have a few rockers too, and
the reply was quick, "When will we
get to use them?" Shouldn't this be
the attitude at school?

For a business like approach to
future S. A. D. 44 problems, I hope
you will vote for me.

Very truly yours,
Donald A. Stecher,
Vice President & General
Manager
Andover Wood Products,
Inc.

The main motivation behind my
decision to seek the nomination as
a director on the board of S. A. D. 44
is very simple. It is a matter of econ-
omics. I believe that the directors
should take a more conservative look
at the various proposals being made
by the staff and administrators.
There is a limit to the amount of
money the average citizen or tax-
payer in this district can pay to sup-
port the school system. There are
low income families and people liv-
ing on set incomes, such as pension
checks or Social Security. It isn't
solely a matter of what the adminis-
tration wants, it is a matter of what
the taxpayer can afford.

I have two boys being educated in
this school system and I certainly de-
sire that they obtain an adequate
education; but I believe that there
are certain areas where expenditures
can be curtailed without being detri-
mental to the child's education. With
this thought in mind, I submitted my
name as a candidate for director on
the board of S. A. D. 44.

because either directly or indirectly
we allowed this situation to exist.

We abolished the cancerous growth
of zoning last year. Now we must
go after the roots.

A remark has been made that it
won't be an easy job to vote out the
Planning Board because it is winter
time and the meeting being held at
night, many will stay at home rather
than get out and brave the cold,
no matter what the issue.

I know better. I met some mighty
nice people while calling door to
door in the past year or so and there
are at least two reasons why I don't
believe they'll "chicken". First:
Practically everyone knows now
what zoning really is and how a
small amount of power at the begin-
ning can grow to become an uncontrol-
led monster. Secondly: Each has
become aware that hundreds feel
and believe as they do, that they
do not stand alone and unable
to change situations that exist. They
have found that when folks are of
one accord and will stand together
they can remove mountains of sit-
uations and come "Fair weather or
foul" (you may have another phrase
you'd use, but it means the same) I
have faith in my fellow citizens to
know they'll be there to vote zoning
and Planning Board down and out!
Looking forward to the results of
Town meeting, I am,
Respectfully,
Bertha Wilson

WIDE TV COVERAGE PLANNED VIA SATELLITE OF PRESIDENT'S EUROPEAN TRIP

Broadcasters already have booked approximately 40 hours of satellite time for television coverage from Europe to the United States of President Richard Nixon's trip to Europe this month.

Communications Satellite Corporation said that orders received so far involve 22 separate periods of transmissions totaling about 40 hours in program time. This covers a nine-day period from February 23 through March 3.

The programs will be transmitted through various European earth stations, via the new Intelsat III satellite stationed in synchronous orbit 22,300 miles over the mid-Atlantic, then received by the Comsat-operated earth station at Etam, W. Va.

In addition to President Nixon's trip, more than 17 hours of satellite time have been requested from abroad to date for TV coverage of Apollo 9 mission events, starting February 28 and extending through March 3.

Effective February 1, Comsat eliminated extra charges for color and reduced its rates an average of about 40 per cent for TV satellite transmissions in the Atlantic. The Corporation said it planned to make comparable cuts in the Pacific area after a new Intelsat III series satellite, successfully launched February 5 and undergoing tests in orbit, is placed in full commercial service over the Pacific.

Usage of the expanding commercial satellite system for international television events has risen steadily over the years. Data comparisons show a total of about 666 hours for all commercial TV programming via satellites in 1968, approximately 233 hours in 1967, and about 81 hours in 1966.

quately armed, as Mr. Griffin remarks in his preface, to prevent further depletion of our water resources, and to reclaim that which we have already lost."

BOBCAT BOUNTY BAD BUSINESS

A Maine game warden who is also an ardent bobcat hunter says that the bobcat bounty "...is not accomplishing any objective in this state... and most agree it is strictly a hoax."

Warden Vernon Moulton of Weld, writing in the winter issue of "Maine Fish and Game" magazine, says that a businessman wouldn't continue to spend money on a venture that accomplished nothing. So why should the State of Maine spend its money unwisely?

"Maine Fish and Game" is published quarterly by the Maine Department of Inland Fisheries and Game, and subscription information is available from the Augusta Office.

More than 200 competed under ideal skiing conditions.

TAXPAYERS ASKED NOT TO SEND CASH TO I. R. S.

Pay your 1968 Federal income tax by check or money order, not in cash. Advises Whitney L. Wheeler, District Director of the Internal Revenue for Maine.

Taxpayers who send cash through the mail have no record of payment in case of loss or misdelivery. Mr. Wheeler pointed out that payment can be stopped on a misplaced check or money order and a new payment made.

Checks or money orders should be made payable to the Internal Revenue Service. It helps to write your social security number on the check or money order and state the exact purpose of the payment.

In addition to President Nixon's trip, more than 17 hours of satellite time have been requested from abroad to date for TV coverage of Apollo 9 mission events, starting February 28 and extending through March 3.

Effective February 1, Comsat eliminated extra charges for color and reduced its rates an average of about 40 per cent for TV satellite transmissions in the Atlantic. The Corporation said it planned to make comparable cuts in the Pacific area after a new Intelsat III series satellite, successfully launched February 5 and undergoing tests in orbit, is placed in full commercial service over the Pacific.

Usage of the expanding commercial satellite system for international television events has risen steadily over the years. Data comparisons show a total of about 666 hours for all commercial TV programming via satellites in 1968, approximately 233 hours in 1967, and about 81 hours in 1966.

quately armed, as Mr. Griffin remarks in his preface, to prevent further depletion of our water resources, and to reclaim that which we have already lost."

BOBCAT BOUNTY BAD BUSINESS

A Maine game warden who is also an ardent bobcat hunter says that the bobcat bounty "...is not accomplishing any objective in this state... and most agree it is strictly a hoax."

Warden Vernon Moulton of Weld, writing in the winter issue of "Maine Fish and Game" magazine, says that a businessman wouldn't continue to spend money on a venture that accomplished nothing. So why should the State of Maine spend its money unwisely?

"Maine Fish and Game" is published quarterly by the Maine Department of Inland Fisheries and Game, and subscription information is available from the Augusta Office.

NEW D. E. D. VEHICLE—Maine's Department of Economic Development is getting around easier and faster in its news media coverage of the ski mountains and other snowy regions to obtain "still" photographs

and motion pictures, because of the loan of two snowmobiles made available through the courtesy of the Maine Snowmobile Association and its executive secretary, Charles E. Poor of East Winthrop.

HOW TO BUILD A GHOST TOWN

More than a decade ago a report from the Colorado Springs (Colorado) Chamber of Commerce told how to have a ghost town. It is an interesting tongue-in-cheek report that will hold just as true in our town as it does in that town.

It went as follows:

Results are certain for those working to create more "Ghost Towns" if these simple directions are followed either by accident or design. Hundreds of former thriving communities which are now silent towns prove there is more truth than poetry to the simple statement "It Could Happen Here."

Here are methods proved by experience to guarantee bankruptcy, insanity, disappointment, suicides—all by products of ghost towns.

1. Tell everyone you meet that you never buy anything at home; the

merchants are a bunch of crooks, robbers and cheats.

2. Belittle all efforts for community betterment—the people trying to do these things are secretly making a lot of money, want to "run things" and their way of doing things is all wrong anyway.

3. Never waste money by advertising or waste time trying to attract trade to the town—nobody reads the ads, there is never anything in the paper, it's always late, and why should anyone want to come to town—it's a dead place.

4. Turn down all appeals for contributions; and do it in a nasty way so you won't be bothered again, because the money collected is eventually stolen by some "higher-ups" anyway.

5. Refuse to serve on all committees, have nothing to do with civic organizations—the Chamber of Commerce never does anything and is run by a bunch of dimwits who want only to get their names before

the public. All the local officials are in office to get a share of the graft.

There you have it—five simple directions for producing a ghost town. It's hard for one person to do it, but if you keep at it eventually you'll get some converts, and a Ghost Town.

STATE'S CONSERVATION EFFORTS BOOSTED — During the third week in January the State of Maine received a significant contribution to its conservation efforts when Great Northern Paper Company officially donated 770 acres of scenic lake and river frontage to the Allagash Wilderness Waterway. Great Northern chief executive Peter S. Paine (center) presented two deeds and a picture of Allagash Falls

(background), part of the land involved, to Governor Kenneth M. Curtis at a brief ceremony in the capitol at Augusta. The governor commented that the gift was in keeping with the paper company's 70-year record of cooperation with the people of Maine. The Maine legislature created the park in 1966 to preserve the natural character of 55,000 wilderness acres along the Allagash River in the northern tip of the state. At right is Laurence Stuart, direc-

tor of the Maine Park and Recreation Commission.

GOOD RECORD KEEPING CAN SAVE TAX DOLLARS

Taxpayers can save themselves tax dollars at income tax filing time by keeping good records throughout the year.

Those who maintain good records are less likely to overlook deductions to which they are entitled, Whitney L. Wheeler, District Director of Internal Revenue in Maine, said.

A good system of keeping records is to get a supply of large envelopes or folders, label them according to the types of income and deductions you have, and accumulate the information, Mr. Wheeler said.

Taxpayers who itemize their deductions on Form 1040 must have available cancelled checks, receipts, statements, and other data to support the claimed deductions.

Mr. Wheeler said that, in addition to saving tax dollars, good record keeping makes preparation of the tax return a much easier task.

M. in the Municipal Building, Rumford, Maine, in order to determine whether the Towns of Rumford, Mexico, Livermore Falls, Jay, Bethel, Dixfield, and all Industries and Sewer Districts within these communities can reasonably complete any or all of the steps required to be taken by subsection 1, paragraphs A through E, of said Section 451, at an earlier date or dates than is therein provided.

COUNTY REPUBLICANS HONOR LINCOLN AT DINNER

Oxford County Republicans turned out in force to honor Abraham Lincoln on the anniversary of his birth at Telstar Regional High School in Bethel.

A smorgasbord dinner was followed by a program that included a report on Republican activity in Oxford County, a film on "The 1968 Mini-Convention" and a feature address by Cyril B. Joly, Jr., Republican state chairman with Fred E. Hanson of Rumford acting as master of ceremonies.

Dick Mersereau, Republican action committee chairman, reported on the progress and plans for more initiative and activity on behalf of Oxford County workers with emphasis on youth involvement and services to town committees.

The feature address of the evening was delivered by Cyril B. Joly, Jr., chairman, State Republican Committee. Mr. Joly opened with remarks regarding President Nixon's administration moving quickly toward a decision on Machiasport where the previous administration with even Senator Muskie's leadership failed to get off dead center, as evidence of a new era for Maine and the nation.

The main portion of his talk was concerned with the heritage and legacy of Lincoln being reborn in the person of Richard M. Nixon. Citing early hardships and political defeats reinforced their effort to serve their fellow man. Both men appeared to lead in times of great internal struggle. Both men served their nation above their party. Both are courageous and sincerely religious men, Mr. Joly continued.

Mr. Joly stated their greatest difference was Lincoln's unconsciously achieved the presidency where Nixon consciously sought the office. President Nixon is already proving his ability as a leader and in 1970 a Republican Congress will be demanded by the people, Mr. Joly concluded.

The evening closed with a message from E. Louise Lincoln, Bethel legislator, who asked Republicans to look about them and remember the education of Lincoln. Also, she promised diligence in her legislative activity to hold down wasteful

HIGHWAY COMMISSION AWARDS \$1.9 MILLION IN HIGHWAY CONTRACTS LAST MONTH

The Maine State Highway Commission reports that five projects were awarded to contract during January, totaling an estimated \$1,941,240.

Highway construction will be carried out in Crystal, Fairfield, Palermo and Tremont, and a beautification project in Rumford.

The work in Crystal will be carried out along a section of Route 159 about midway between the communities of Crystal and Patten. Construction will extend for 0.4 mile and eliminate a hazardous curve and narrow bridge.

The Fairfield project will rebuild slightly less than two miles of U. S. Route 201 beginning at the I-95 interchange and extending northerly. The first half mile will be 54 feet between curbing, the balance of the section 24 feet of pavement and 10-foot shoulders.

In Palermo the reconstruction of Route 3 will be continued from the easterly end of the previous project, near the Palermo Elementary School, extending easterly 2.5 miles. The first 2.2 miles will be complete construction; the last section will be graded only and incorporated into future construction.

The project in Tremont will consist of rebuilding 0.2 mile of Route 102 and a bridge at Cousins Creek, constructing a channelized intersection at the junction of Bernard Road, improving approaches, and building a scenic turnout.

Beautification in Rumford is for the purpose of eliminating the unsightly dumping areas south of Ridgville Bridge on the west shore of the Androscoggin River. The areas are plainly visible from adjacent highways — U. S. Route 2, Route 17, Route 108, — and Railroad Street, which crosses the bridge. The work will consist of grading and covering the areas with stone and earth, placing loam, planting grass seed and planting shrubs and trees along the riverbank.

During the month of January two traffic signal projects were completed. Modernization of existing signals was carried out at two intersections in Ellsworth; and the updating work completed at three intersections in Lewiston.

On February 3, 1969, the State Highway Commission reported 72 federal-aid and state projects in various stages of construction. The total estimated cost, including preliminary engineering, right of way and construction, amounts to: Primary, \$7,120,741; Secondary, \$6,022,825; Interstate, \$5,000,700; Highway Beautification, \$24,000; State Bridge Act, \$306,000; State Projects, \$2,103,850; Emergency Relief Funds, \$250,100; for a grand total of \$21,357,017.

FILMS ON DOPE

Dope discovered in the hands of youths in Bethel? Impossible! Is it really? Do these kids know of "cold turkey" or the other two ways to come back to what they were? What are the symptoms of a person on drugs? Do you really care enough to see and hear more about drugs?

The Nazarene Church invites you to see two films dealing with drugs. Friday, February 21, "The Losers" will be shown at 7 o'clock. "The New Morality" will be shown Sunday evening, February 23, also at 7 o'clock. Show your care and attend!

On February 22 at 7 p. m. and also following the showing of the films on drugs on February 21 and 23, special services will be held with Rev. and Mrs. Rutz, Deer Isle, as guest speakers. Everyone is invited.

PHEASANT APPLICATIONS DUE MARCH 15

Sportsmen who are interested in raising pheasants to help provide additional bird hunting opportunity next season have until March 15 to file their applications with the Fish and Game Department.

Each year about 10,000 pheasants are raised and released by sportsmen and clubs throughout the state under the cooperative pheasant program sponsored by the Department. Another 20,000 are released by the Department.

This program helps to place the greatest number of pheasants in the areas where sportsmen have indicated their interest in this fine game bird.

Anyone interested in the pheasant raising program should write to: Cooperative Pheasant Program, Fish and Game Department, State Office Building, Augusta, Maine 04330.

The 72 projects underway include 39 highway and combination highway and bridge projects totaling approximately 50 miles, 13 bridge projects, 1 roadside improvement project, 6 paving projects, 4 beautification projects, and 9 traffic signal projects.
